Secretary General  
United Nations  
New York, NY 10017

Dear Mr. Secretary General,

I am pleased to confirm our continued support for the Ten Principles of the United Nations Global Compact on Human Rights, Labour, Environment and Anti-Corruption.

With this communication, we express our intent to implement these principles together with the United Nations Guiding Principles and others as relevant. In our latest Sustainability Report, we describe our actions to continually improve the integration of the principles into our business strategy, culture and day-to-day operations.

We will continue to show leadership by going beyond our own programmes and operations to advocate global action. This is more important than ever and we commit to keep up engagements in the ecosystem where we operate to ensure the necessary capacity building occurs.

Yours sincerely,
