To our STAKEHOLDERS:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO/ Director statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report this year given that as a tertiary hospital operating in the capital of the Philippines, we are currently facing our own share of challenges in addressing the current pandemic. All our efforts and resources have had to be redirected. This is not to say that we neglected our duty in preparing the annual COP in fact we are already in the final stages of preparing the document however the person (Head of our Corporate Social Responsibility Office) tasked in writing and finalizing the report tested positive for COVID 19 with symptoms last September 10, 2021 hence, she was advised to go on strict quarantine and rest to ensure her condition is not exacerbated.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by October 8, 2021 at the latest. Attached is a portion of the RT-PCR test of Ms. Alvarez for the purpose of transparency.

Sincerely yours,

JILL S. ALVAREZ (She/Her)

Head, Corporate Social Responsibility Office
