
GRACE LETTER

September 17, 2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the expansion of our sustainability-related activities, resulting in increased scope and volume of information for disclosure, which is taking time to collate and subsequently translate from the source language into English.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by December 24, 2021, at the latest.

Sincerely yours,

Shigeo Nagahata
