

22nd of September 2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes. We are late in creating, sharing and posting our COP report since we're currently finishing our first Sustainability Report for Grupo Ageas Portugal. Our sustainability information will continue to be found at Group level in both annual and business reports of our parent company, but we are very proud of taking the commitment to voluntarily build our own sustainability report and contribute to foster transparency at local level.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 29th of December at the latest.

Sincerely yours,

Katrien Buys
Head of Strategy, Innovation and Sustainability at Grupo Ageas Portugal
