To whom it may concern,

I am pleased to confirm that Mister Zimi continues to support the ten principals of the United Nations Global Compact on human rights, labour, environment, and anticorruption.

With this letter, we express our intent to continue to implement and improve these principals as part of the strategy and culture within the day-to-day operations of our company, and to further progress collaborative projects to develop the Sustainable Goals of the United Nations.

Further to this, attached below is an extraction from a company report which includes descriptive assurances Mister Zimi has engaged to date to support progress in the commitment to the ten principals set out by the UNGC.

Yours Sincerely,

Zoe Paul  
Sole Director
