To our Stakeholders

I am pleased to confirm that the Sustainable Development Organization reaffirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-Corruption. We welcome feedback on its contents.

In this Communication on Engagement, we describe our actions to integrate the Global Compact and its principles into our social work. We are also committed to share this information with our stakeholders using our primary channels of communication.

Sincerely yours,

Farid Hussain (Mr.)
President and CEO
Sustainable Development Organization

COMMUNICATION ON ENGAGEMENT (COE)

Period covered by this Communication on Engagement

December, 2019—October, 2021

Mission

Sustainable Development Organization, located in the heart of India, established in November 2015, is a not-for-profit Registered Society with a mission to create awareness through discussions, deliberation, seminars, debates etc. regarding sustainability and environmental development study in general and awakening in particular among wide strata of society.

Its aims to promote environmental and social education among the different communities specially minorities communities through short term and medium term training-cum-awareness programs especially in rural areas of the country and to organize relief camps for the people affected either by natural calamities like flood, earthquakes, cyclones etc or by communal violence and to work for their rehabilitation and to provide medical assistance to the affected people.

Description of actions

Sustainable Development Organization is wholly aligned with the UNGC and engaged in many activities that we hope and expect will support its flourishing. Few major activities in the last two years are as under:

- ❖ Sustainable Development Organization as decided with its members and stakeholders to celebrated world awareness days including Ozone Day, Earth Day, Environmental Day etc. every year.
- ❖ During last two years, We held many social activities for achieving sustainable goals. Villagers are also attended our programmes and made it successful. We put few point related our current education, employment and environment in front of villagers and stakeholders. We urged parents to provide good education to their children.
- ❖ Our society also runs a school free of cost for basic education for minority student. This school is situated at Katihar District in Bihar (India). Besides Islamic education, English, Hindi, Urdu and Arabic are being taught there. Students are being given basic education in this school. The very well qualified teachers are teaching in this school.
- ❖ We also held many other activities in the past two years through field work and social networking sites to support ten principles of UNGC in the areas of Human Rights,

Labour, Environment and Anti-Corruption. SDO has a Facebook page and a group to make awareness through digital resources. Through social network, we share every post to tackle climate change and to support sustainable goals.

- ❖ Our organization is educating poor students with free of cost. Study materials had distributed also among poor and needy children. A lot will be done by our organization in next few years.
- ❖ We are continuously working for the climate crisis that really unites us around common issue. Indian government also trying to protect the biodiversity that underprints human and planetary health and sustainable development.

We are also please to support the United Nation Global Compacts via a strong working relationship, participation in each and every event.
