To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a COP that comprises a CEO statement of continued support for the UNGC, a description of practical actions with regard to the principles of the UNGC, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the preparations for the Third quarter financial results announcement scheduled at 4. November,
. This is our first time to work on COP, it might be difficult for us to complete it by the official submission date.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UNGC. Our new COP report will be posted on the UNGC website by 30.November at the latest.

Sincerely,

Ms. Nana Kasakabe
