

H.E. António Guterres
Secretary-General
United Nations
New York, NY 10017, USA

Monterrey, 15.10.2021

Dear Mr. Secretary-General,

It is my pleasure to inform you that Nemak S.A.B. continues to support the Ten Principles of the United Nations Global Compact in the areas of human rights, labor, environment and anti-corruption.

As a company with worldwide operations, we impact a wide range of stakeholders and communities, therefore we fully understand the responsibility of operating in coherence with the 10 Principles of the Global Compact throughout our entire value chain. We continue to be committed towards making the Ten Principles an integrated part of our overall business strategy, company culture and daily operations.

Along with our duty of advancing the global achievement of the UN Sustainable Development Goals, we have made it a priority to align our sustainability framework with the following SDG's: Quality Education; Industry, Innovation and Infrastructure; Responsible Consumption and Production; Climate Action; and Decent Work and Economic Growth. More specifically, in our engagement towards Climate Action, in 2021, Nemak committed to reducing its Greenhouse Gas emissions under the Science Based Targets Initiative.

Nemak S.A.B. de C.V. has clearly communicated its commitment to the UN Global Compact and alignment to the UN SDG's in its annual report¹, as well as on the company website². As we support public accountability and transparency, we continue to inform our stakeholders and general public on any changes and updates to our sustainability framework in relevance to the Global Compact and SDG's.

Sincerely yours,

Mr. Armando Tamez
CEO
