

11 November 2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regards to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to my recent joining of the company and this being our first submission as a corporation. As such, we will need additional time for myself and the team to get familiarize with the submission and to gather figures and information amidst the year-end planning.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 4 March 2022 at the latest.

Sincerely yours,

Tassya Bainon
