To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (CoP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are becoming more and more ambitious and incorporating more and more data into our CoP report and this time we include our GHG accounting for the first time. We need extra time to incorporate all data for 2021 which we cannot start collecting before entering 2022.

We hereby ask for an extension period on 1,5 months in order to be able to post a CoP that describes our company's efforts and progress to implement the principles of the UN Global Compact. The CoP report will be posted on the UN Global Compact website by end of March 2022 at the latest.

Sincerely yours,

Ms. Line Nygaard Jensen
