

December 7, 2021

Dear Stakeholders:

At World Fuel Services Corporation (“WFS”), we recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (“COP”) that is comprised of our chief executive officer’s statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

As with our 2019 COP, we are working on embedding our 2020 COP within our upcoming Sustainability Report, which also covers our company’s related environmental, social and governance (ESG) information. We are in the process of finalizing our Sustainability Report and therefore are in need of additional time to post our COP so that we can align it with the development and publication of our report.

Accordingly, we hereby request an extension period in order to be able to post a COP that describes our company’s efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website no later than Monday, March 7, 2022.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Amy Quintana'.
