SUSTAINABLE DEVELOPMENT GOALS

Management Statement

H.E. António Guterres Secretary-General
United Nations
New York, NY 10017 USA

Dear Mr. Secretary-General,

In 2021, we decided to take another step to support the United Nations Global Compact's Ten Principles. We also identified the United Nations Sustainable Development Goals (SDG) that are relevant to our business model aligned with the activities we have undertaken to advance our sustainability and raise awareness. The selected SDG reflect our commitment to sustainability at our level of our operations – from manufacturing to supply chain to product development

I am pleased to confirm that GAIA GLOB ITH. IHR. SAN ve TIC LTD STI supports the Ten Principles of the United Nations Global Compact covering Human Rights, Labor, Environment, and Anti-Corruption. This is our first annual Communication on Progress, we describe our policies and actions which has been take and done during 2021.

Yours sincerely,

A handwritten signature in blue ink, appearing to be "Reşat Şahrör", written in a cursive style.

Reşat Şahrör
General Director
Gaia Glob Ltd.

- Project Technical Support
- Wholesale Product Sales
- Welding Training
- Hdpe Pipe and Fittings Sales
- Fitting Fabrication
- Tools and Equipment
- Water, Sewer, Irrigation, Fluid Flow Solutions

GAIA GLOB AND THE SUSTAINABLE DEVELOPMENT GOALS

During 2021, we identified the Sustainable Development Goals (SDGs) that are most addressed in our activity of business. We have identified six SDGs closely related to our business and where we believe we can play a prominent role today and in the future.

Ensure availability and sustainable management of water and sanitation for all

Some of the most profound environmentally friendly characteristics of a high-density polyethylene application are found in reduced leakage, superior chemical and abrasion tolerance. HDPE pipe has good resistance to many organic substances, and is unaffected by soil-borne bacteria and fungi.

Take urgent action to combat climate change and its impacts

Products made from HDPE - PP are **considered Eco-friendly** because they are made mainly from post-consumer products and are recyclable at the end of their useful life. Giving off no harmful fumes into the environment.

create decent jobs for all and improve living standards.

Quality employment and decent work conditions, education, and giving chance to new graduates to take a part of your business. productive and freely chosen work, rights at work, social protection, and dialogue

Policies and Approach

We expect our suppliers to be dedicated to responsible sourcing. Gaia Glob is committed to conducting business with reliable suppliers aligned with environmental, social, and ethical standards. Gaia Glob's Supplier Code of Conduct, Human Rights Policy, and Slavery and Human Trafficking statement guide our suppliers in our expectations.

Gaia Glob's Ambition with Sustainable Development Goals

Our Young Gaia Glob's ambition to take morr part of achieving Sustainable Development Goals locally and around the World.

The **Be the Change Initiative** provides an opportunity for all of us to better “walk the talk” when it comes to the SDGs. This Initiative guides and encourages us to live more sustainable at work and at home by changing our consumption patterns, using active transport such as cycling, and buying local foods. Everyone is welcome to participate. Every little step helps – inform your family, your friends and your community about simple actions they can take in their daily lives.
