

13th December 2021

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the departure of a key member of our Culture and Talent team in charge of all sustainability questions. Unfortunately, pressing business matters following Sprinklr's IPO did not leave us enough time to provide the report on schedule.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 14th March 2022 at the latest.

Sincerely yours,
