Communication on Progress – Grace Period

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the wish to align our COP (in the form of a Sustainability Report) with the date for the publication of our Annual Report 2021 on 10th February 2022.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 17th February 2022 at the latest.

Yours sincerely
Vestas Wind Systems A/S
