To our stakeholders: We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a delay in submitting documents internally. Several of our projects were in need of our full attention due to time pressure towards the end of this year. The lockdown enforced by the government of the Netherlands due to COVID furthermore made the completion more difficult. To be able to write a good COP we expect to need approximately until February.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 30 march 2022 at the latest.

Sincerely yours,

Mr. Nick de Goeij
