To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to many of the company's employees have been ill in COVID-19 and at the same time as we were supposed to post our COP, our company is in our most intensive accounting period with both annual and sustainability reporting. This has led to a very high workload for some of us and we now see that we will not be able to report in time.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by [enter date here, max. 90 days from COP deadline] at the latest. Sincerely yours,

Ms. Emma Ödling
