Dear Mr. Secretary-General,

UN GLOBAL COMPACT STATEMENT OF COMMITMENT 2021

I am pleased to confirm that Hassell Ltd continues to support the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption.

With this communication, we express our intent to continue to advance those principles within our sphere of influence. We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engage in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals.

We recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress that describes our company's efforts to implement the ten principles. Please find attached our Communication on Progress for 2021.

Yours sincerely

Steve Coster
Managing Director
