To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the reporting cycle was changed due to the Corona pandemic and therefore the reporting for the 2020 financial year would not have taken place with the necessary timeliness. König + Neurath has decided to publish a progress report as early as possible at the beginning of each year. The next progress report will cover the 2020 and 2021 financial years and thus report on two financial years.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by May 2, 2022 at the latest.

Sincerely yours,

König + Neurath AG
