Ns. rif. 009ra

Forino, 02/02/2022

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to a process of updating and reviewing of Company documentation.

We hereby ask for an extension period, in order to be able to post an updated COP document that describes our Company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by **5<sup>th</sup> may 2022** at the latest.

Sincerely yours,

**Roberto Amitrano**
