

Murcia, February 3, 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the preparation and annual publication of a Communication of Engagement (COE) that includes a statement of continued support for the Global Compact, a description of practical actions in relation to the ten principles of the Global Compact, and a measurement of current or expected results.

In this sense, the Development Institute of the Region of Murcia has not been able to meet the deadline for the communication and publication of our COE due to different planning and organization issues.

We hereby request an extension of the deadline so that we can send a COE that describes the efforts of our organization and the progress in the implementation of the principles of the Global Compact. Our COE report will be published on the Global Compact website no later than May 7, 2022.

Sincerely,

Joaquin Gomez Gomez

Director
