

To All Stakeholders,

Luanda, 8 February 2022

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to an ongoing joint venture with a global advisory network, that in addition to increase our capacity to act on local and international markets, also imposes several obligations, including the obligation to comply with the Global Compact practices adopted by the network on an international level. Based on such changes and obligations, we are on the process to accommodate our practices and therefore, we are late to issue our COP report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 30 March 2022 at the latest.

Sincerely yours,

Maurilson Ramos
