To: 14 Feb. 2024

I am pleased to confirm that “KIDS PLAY SAFE” reaffirms our commitment to the United Nations Global Compact and its Ten Principles. This is our Communication on Engagement with the United Nations Global Compact.

In this Communication of Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication.

Furthermore, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and to the general public.

We also pledge to participate in and engage with the UN Global Compact in the following way(s):

- Engage with Global Compact Local Networks
- Join and/or propose partnership projects on corporate sustainability
- Engage companies in Global Compact-related issues
- Join and/or support special initiatives and work streams
- Provide commentary to companies on Communications on Progress
- Participate in Global Compact global, and local events
- Support the Global Compact and engage with other initiatives including attendance at UNGA, UN Women Events, and event hosted by IPU. We further commit to the WEPs.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization’s efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Respectfully submitted,

Erin Carr-Jordan, Ph.D.
