

Polarium Energy Solutions AB

February 18th 2022

To our stakeholders: We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the preparations of our first Sustainability Report. This report will be replacing our previous way of preparing COPs moving forward. With this extension we will now align future COPs and Sustainability Reports' publications.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by April 29th 2022 at the latest.

Sincerely yours,

Jonas Bengtsson

Head of Corporate Affairs
