About AIESEC in the Netherlands and its commitment to UN Global Compact

AIESEC is an international youth-led organization striving to achieve peace and fulfillment of humankind's potential. AIESEC is contributing to the Global Compact Principles by our Youth for Global Goals initiative.

Youth for Global Goals aims to engage as many young people as possible to contribute to the improvement of the Sustainable Development Goals (SDG's) before 2030, created by the United Nations.

We try to motivate youth to contribute to the Sustainable Development Goals through activities, events and creating valuable partnerships to support the SDG's. Through these activities and partnerships we aim for creating awareness of the SDG's in young people and also activating them in creating their own contribution to a more sustainable world.

Our Youth for Global Goals initiative is divided in different stages:

1. **Awareness;** we educate young people about the existence and importance of the SDGs.
2. **Engagement;** we actively engage youth to take action of their own to contribute to the SDGs.
3. **Action;** we empower individuals in and outside our organization to go on our exchange projects which all contribute to the SDGs.

Actions taken to support the UN Global Compact

AIESEC in The Netherlands' Youth for Global Goals exist of different activities and events:

1. **World's Largest Lesson;** World's Largest Lesson (WLL) is an initiative created by UNICEF aimed to educate young students about the SDGs and to empower these students to take an active role in changing the world into a better world. As AIESEC in the Netherlands we organize WLL on a national level since a couple of years and in 2022 it will be held on the 23th of March.
2. **YouthSpeak Forum;** YouthSpeak Forum is an event powered by AIESEC where companies, NGO's, government representatives and students get together to discuss the SDGs, the contribution of the organisations towards the SDGs and to brainstorm about what more we can change. The next edition will cover SDG 10 'reduced inequalities' and SDG 5 'gender equality' and will take place on the 29th of April 2022.

3. **Volunteer projects;** As AIESEC we offer young people between the range of 18 and 30 years old the opportunity to go on a cross-cultural volunteer experience to develop themselves and the world. Exchange participants participating in our cross-cultural exchanges have the chance to work on one of our projects and at the same time contribute to the Sustainable Development Goals.

Partnerships contributing to the Principles of UN Global Compact

As AIESEC in the Netherlands, we maintain national partnerships to increase the quality and reach of our impact. Here you can find an overview of our national partnerships contributing to the SDGs:

Working in innovative ways with government, non-profit organizations, and civil society, they are designing and delivering solutions that contribute to a sustainable and prosperous future for everyone. Through our partnership they are aiming to increase diversity in their company and to increase the level of women at Deloitte.
