

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to a number of changes to the road freight transport market, including the new Mobility Package regulations, as enacted by the European Commission (EC), and the conflict in Ukraine, both of which have had an impact on our business.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by [01.05.2022, max. 90 days from COP deadline] at the latest.

Sincerely yours,
