To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO and/or a Partner's statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that we are in the midst of obtaining and compiling all the relevant information to be put in the COP report. Due to the Covid-19 pandemic which had affected the whole world, and as a result of that, the lockdowns imposed by the Government of Malaysia previously had caused some delay for us regarding our field of work which provided the delay in obtaining the relevant information to be stated in the COP report.

We hereby ask for an extension period in order to be able to post a COP that describes our firm's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 07.06.2022 at the latest.

Thank you.

Sincerely yours,
