## Grace Letter

Yara Brasil 2022

São Paulo, March 11, 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and publishing our COP report due to our efforts to make our dialogue with stakeholders even more transparent. The Yara Sustainability Report 2021 is being finalized, which will contain information on the main commitments and evolution of the company's ESG-related matters, including the SDGs. This report will highlight actions by Yara Brasil and we understand that it is essential to present the two documents together so that our stakeholders have a view of the whole.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by June 10, 2022 at the latest.

Sincerely yours,
