

March 14<sup>th</sup> 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are currently in the process of publishing our 2021 Sustainability Report – this report will contain all data and outcomes of our sustainability efforts over the past year.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by May 15<sup>th</sup> 2022 at the latest.

Sincerely yours,

Rudy Suparman  
Vice President Director
