

UN Global Compact

Date: 15.03.2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COE report due to a period of restructuring of our organisation that has involved a number of persons that also are key to collecting, analysing and formulating how we are contributing to the 10 principles of UN Global Compact. Adjacent to and during this same period we have prioritized developing a new strategy on how we can more effectively advocate, assist, and guide companies in the construction and real-estate sector to further and strengthen their sustainability ambitions and efforts.

We hereby ask for an extension period in order to be able to post a COE that describes our organization's efforts and progress to implement the principles of the UN Global Compact. Our new COE report will be posted on the UN Global Compact website by June 14 2022 at the latest.

Sincerely yours,

Ms. Katharina Th. Bramslev

CEO
