To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COE) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COE report due to the change of roles and employees.

We hereby ask for an extension period in order to be able to post a COE that describes our organization's efforts and progress to implement the principles of the UN Global Compact. Our new COE report will be posted on the UN Global Compact website by the 30th of April.

Sincerely yours,
