

31st March 2022

To Our Stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the fact that Quidgest has been going through a period of organizational growth and expansion which has required our full attention on continuing to deliver value in our projects and commitments with clients. Mandatory work from home requirements in force during the first weeks of this year made this a more challenging period. We have also launched projects which expand our contribution to sustainable development including in water resource management and Environment and Social Governance (ESG).

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 28.06.2022 at the latest.

Yours sincerely

Cristina Marinho
CEO Quidgest
