Grace Letter

01/04/2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to several development projects that we're delayed because of the pandemic. We have only recently resumed engagements with key partners and we're updating our report at the moment. We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by June 30th 2022 at the latest.

We thank you for your understanding and we remain committed with you to tackle the SDGs and build better futures together.

Sincerely yours,

Mr. Gracias Kassongo WaMukendi
