

## Communication of progress

Ludwigshafen, 2022-04-01

To our stakeholders:

I am pleased to confirm that the Rhenoflex Group reaffirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Labour, Environment and Anti-Corruption.

Our company annually improves its standards in the field of occupational health and safety, quality management and environmental management certified by DIN EN ISO 9001, DIN EN ISO 14001 und DIN EN ISO 45001. We demand these standards also to our partners and suppliers.

In this year's Communication on Progress, the principles of the Global Compact are embedded into our sustainability report. We describe our actions to continually improve the integration of the Global Compact and its principles into our business strategy, culture and daily operations. For Rhenoflex, the global compact is a substantial initiative for a sustainable future and a humane cohabitation for our next generations.

We also commit to sharing this information with our stakeholders using our primary channels of communication.

Sincerely yours,

Frank Böttcher, CEO of the Rhenoflex Group
