To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

At this moment there is still important data and information unattainable that we would like to include in our report, therefore we are late in submitting our COP expected by the end of April 2022.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact in the last year. Our new COP report will be posted on the UN Global Compact website by June 15th 2022 at the very latest.

Sincerely yours,
