To whom it may concern

We appreciate a key requirement for participation in the UN Global Compact is the annual preparation and posting of our Communication On Progress (COP) that comprises of a statement of continued support for the UN global compact, a description of practical actions with regard to the principles of the UN global compact, and a measurement of outcomes or expected outcomes.

Following the acquisition of Bisnode by Dun & Bradstreet, the collation of certain content for inclusion in our 2021 Sustainability Report has been operationally delayed. Consequently, we require additional time to finalize, share and post our COP for the year 2021.

We hereby politely request an extension to enable us to post a COP that fully captures our efforts and progress towards achieving the principles of the UN global compact. Our 2021 COP report will be posted on the UN global compact website no later than 30 June 2022.

Your sincerely
