

## OFFICE OF THE PRESIDENT

12/04/2022

To our stakeholders: We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COE report due to pandemic reasons that effected all of us. As you know, education officials have been forced to cancel classes and close access to campuses across the world in response to the growing Coronavirus pandemic. Consequently , our academic and administrative staff work was disrupted in this period due to government restrictions.

We hereby ask for an extension period in order to be able to post a COE that describes our University's efforts and progress to implement the principles of the UN Global Compact. Our new COE report will be posted on the UN Global Compact website as soon as possible.

Sincerely yours,
