Grace-Letter to extend our Deadline by 90 days

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to internal administration problems caused by the Covid19-Crisis with a lot of positive cases in our business administration and therefore high staff shortages. Furthermore, as a transportation company we are fighting with the oil price crisis because of the Ukraine conflict and a lot of negotiations with our clients.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 30th June 2022 at the latest.

We thank you in advance for your understanding and for granting us the extension of the deadline.

Sincerely yours,

Kemal Keskinsoy
