To our stakeholders:

We recognise that the annual preparation and issuance of a Communication on Progress (COP) Report including a CEO statement for continued support to the UN Global Compact, a description of practical actions regarding the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes is a key requirement to participate in the UN Global Compact.

Our process of collecting and analysing COP data continues within the scope of the ongoing sustainability report activities within the Company. We would like to take additional time before we publish a comprehensive COP report.

We hereby ask for an extension period in order to be able to issue a COP Report that describes our Company's efforts and progress in implementing the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 18 July at the latest.

Sincerely yours,

Ümit Önal

CEO
