The communication draft has been saved Edit COP General Info » Strategy « Human Rights » Labour « Environment » Anti-Corruption » UN Goals » Governance Submit your Save Draft General Information About the COP Self-assessment Using this online questionnaire you will have the opportunity to assess what commonly accepted best practice your COP describes under each of the GC Advanced orderia, in the following areas: Corporate Sustainability Governance & Leadership Implementing the Ten Principles into Strategies & Operations in the areas of: Human Rights Labour Environment Anti-Corruption UN goals and issues In order for your COP to qualify for the GC Advanced level, you must select at least one best practice for each of the criteria. If you do, the CO the GC Advanced level and the results of the self-assessment will be made public on the Global Compact website, alongaide your COP If you be accepted but it will not qualify for the GC Advanced level. However, the results of the self-assessment will be made public on the Global Co COP, to improve the analysis of the COPs and underlying performance. Note: Throughout the self-assessment, best practices marked with 0 indicate additional information is available for that item. Communication Title lease enter a short title for your submission. Cegal 2022 Sustainability Report The Communication on Progress is in the following format: Stand alone document Part of a sustainability or corporate (social) responsibility report Part of an annual (financial) report What is the time period covered by your COP? Start date End date January \$ 2021 \$ December \$ 2021 \$ Does your COP contain a statement by the CEO (or equivalent) expressing continued support for the Global Compact and renewing your company's ongoing commitment to the initiative and its principles? O Yes No Does your COP contain a description of actions, and when relevant policies, related to the following issue areas? Human Rights Labour Yes Yes No No Does your COP include qualitative and/or quantitative measurement of outcomes illustrating the degree to which targets/performance indicators were met? community) o d) Both b) and c) The Global Compact recognizes that there are various options in terms of external assessment. High-quality external assessment should ideally encompass suplitative and quantitative information and performance data in the CDP, as well as an explanation of the management systems and processes that discrete mediality. A credible third-party is defined as groups or individuals external to the reporting organization who are demonstrably competent in the subject matter and eligible to provide feedback on the basis of their role towards the company and their independent position. For guidance on the assurance process, companies may refer to Your Path to External Assessment. How is the accuracy and completeness of information in your COP assessed by a credible third-party? The COP describes any action(s) that the company plans to undertake by its next COP to have the credibility of the information in its COP externally assessed, including goals, timelines, metrics, and responsible staff Information is reviewed by multiple stakeholders (e.g., representatives of groups prioritized in stakehol analysis) Information is reviewed by a panel of peers (e.g., members of the same industry, competitors, benchmarked leaders, others organized via Global Compact Local Network) Information is assured by independent assurors (e.g., accounting or consulting firm) using their own proprietary methodology Other established or emerging best practices 0 Information is assured by independent assurors (e.g., accounting or consulting firm) against recognized assurance standard (e.g., ISAE3000, AA1000AS, other national or industry-specific standard) The COP incorporates the following high standards of transparency and disclosure: Applies the GRI Sustainability Reporting Guidelines or the GRI Standards Is 'in accordance - core' with GRI Standards Applies elements of the International Integrated Reporting France Provides information on the company's profile and context of operation () Is 'in accordance - comprehensive' with GRI Standards Which of the following Sustainable Development Goals (SDGs) do the activities described in your COP address? [Select all that apply] SDG 12: Ensure tion and production ainshle cor SDG 9: Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation SDG 17: Strengthen the means of implementation and revitalize the global partnership for sustainable development

- SDG 16: Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels
- SDG 15: Protect, restore and promote sustainable use of terrestrial ecosystems, sustainably manage forests, combat desertification, and halt and reverse land degradation and halt biodiversity loss
- SDG 14: Conserve and sustainably use the oceans, seas and marine resources for sustainable development
- SDG 13: Take urgent action to combat climate change and its impacts
- SDG 11: Make cities and human settlements inclusive, safe, resilient and sustain
- SDG 10: Reduce inequality within and among countries
- SDG 8: Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all
- SDG 7: Ensure access to affordable, reliable, sustainable and modern energy for all
- SDG 6: Ensure availability and sustainable management of water and sanitation for all
- SDG 5: Achieve gender equality and empower all women and girls
- SDG 4: Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all
- SDG 3: Ensure healthy lives and promote well-being for all at all ages SDG 2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture
- SDG 1: End poverty in all its forms everywhere
- With respect to your company's actions to advance the Sustainable Development Goals (SDGs), the COP describes: [Select all that apply] Opportunities and responsibilities that one or more SDGs represent to our business 0
- V Where the company's priorities lie with respect to one or more SDGs 0
- Goals and indicators set by our company with respect to one or more SDGs (How one or more SDGs are integrated into the company's business model
- If the companies' activities related to the SDGs are undertaken in collaboration with other stakeho
- Other established or emerging best practices 0
- The (expected) outcomes and impact of your company's activities related to the SDGs ()

Analyze each segment of the value chain carefully, both upstream and downstream, when more opportunities and impacts
