Levallois-Perret, France, May 3rd 2022

Dear Mr Secretary-General,

I am pleased confirm that COSFIBEL PREMIUM reaffirms its support to the ten principle of the Global Compact with respect to human rights, labor, environment and anti-corruption. Our company is involved in those actions since 2012 and we target to commit on a long term to this values.

We also intend to continue enforcing those principles within our company values, working process, daily work actions and communication towards suppliers as much as customers.

2021 was a year of opportunity for our teams again to reinforce our CSR core values and work closer to the SDG through new programs with our main stakeholders including clients and worldwide supply chain.

Our CSR program, CARES® (Cosfibel Actions for Responsible Sustainability), did grow stronger with additional environment efforts such as CO2 emissions estimation and reduction efforts as well as more ethical actions over our company and its supply chain.

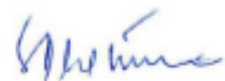

We also did develop a supply chain with higher social level supporting communities in need.

In 2022 we were finally awarded Platinum Medal Ecovadis with 80 points for all those efforts and the company will further work on progress to maintain the Platinum level and further increase our score on 2023 assessment.

We commit to regularly communicate the Communication of Progress (COP) to our stakeholders but also to our colleagues, customers and general public.

Today we are glad to share our company actions and results through this 10th Communication of Progress.

Sincerely yours,

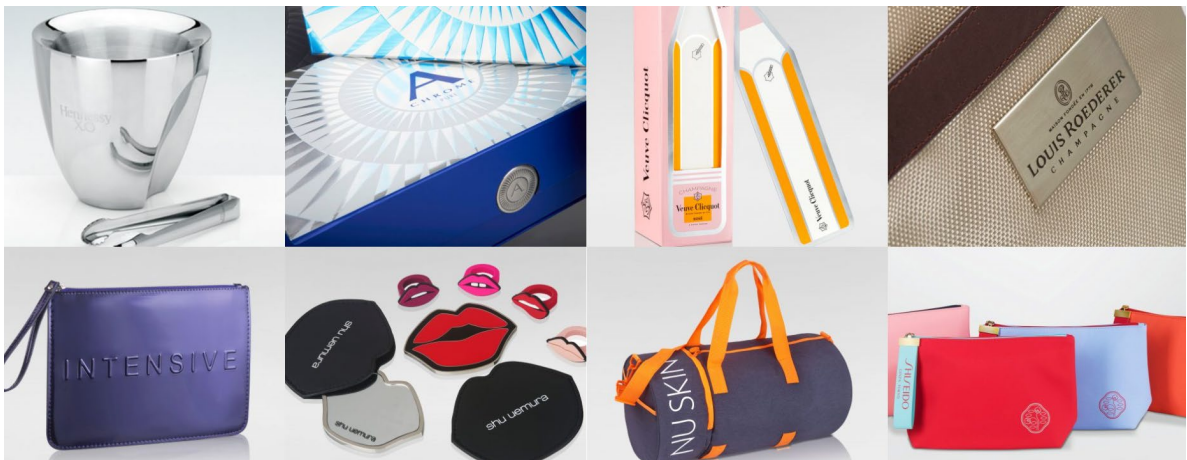

M. Stanislas Péronnet

CTO COSFIBEL Group GEIE.

«

1- Human rights and respect for the environment

COSFIBEL is a citizen led Group that adheres to the Declaration of Human Rights and to the Global Compact Program of the United Nations. It respects the laws and the ethical and civic principles of the states in which it is located.

Created in 2012, the **CARES®** program (Cosfibel Actions for Responsible & Ethical Sourcing) implements the Group's commitment to CSR (Corporate Social Responsibility). This program is based on the present ethical charter, which constitutes the group's DNA and it commits to any collaboration. It carries its values in its priority dimensions of sustainable development, social policy and business ethics.

5- The individual at the heart of CARES

Men and women are the essential value of the Group

COSFIBEL places the respect of the people as an essential value of the company, so that everyone takes part in the common project, without discrimination of any kind. Safety, health, working time, remuneration, social protection, freedom of expression ... the Group is particularly committed in the fight against slavery, non-regulatory working conditions, child labor, and all forms of discrimination.

As part of its CARES INCLUSIVE program and in partnership with certain clients, COSFIBEL conducts projects integrating people with disabilities and promotes the working conditions of populations in vulnerable situations.

For example, LANCÔME and COSFIBEL have been entrusting the packaging of the "Beauty Box" to disabled people in Asia and Spain for more than 4 years. This program has also helped single or women suffering hardship in Shanghai.

Another example: in cooperation with the Chinese government, COSFIBEL forged partnerships with industrial sites in the provinces of Hunan and Anhui where poor people live. This approach result employing local employees without any family uprooting and to offer them better living conditions.

COSFIBEL fully subscribes to the Declaration of the Human Rights and is in our daily mission to ensure that both Cosfibel Premium company and our suppliers do not infringe those pillars .
