

2022 May 4

To our dear stakeholders:

We at the Manila Electric Company recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a **Communication on Progress (COP)** that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

**We plan to submit our 2022 Sustainability Report, *Kalinga*, as our official COP.** However, this will be released to the public on **May 31, 2022**, almost four weeks after the original deadline for the submission of COPs.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website on or before **June 30, 2022**, at the latest.

Sincerely yours,
