

LINDT & SPRÜNGLI

May 5, 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because we are reporting with reference to the new GRI 2021 standards for the first time. Additionally, we are revising our greenhouse gas methodology in line with the GHG Protocol and preparing our first complete carbon footprint covering Scope 1, 2 and 3 emissions which will undergo external assurance.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by June 30, 2022 at the latest.

Sincerely,

Dr. Dieter R. Weisskopf
Group CEO, Lindt & Sprüngli

Mr. Martin Hug
Group CFO, Lindt & Sprüngli
