

6th May 2022

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (CoP) that comprises our company's efforts, progress, and practical actions regarding the principles of the UN Global Compact. We have delayed in sharing our CoP report owing to unforeseen challenges in our organization.

We hereby ask for an extended period to be able to post a CoP report that describes the CEO's statement of continued support for the UN Global Compact and its ten principles, our description of actions, and relevant policies related to Human Rights, Labor, Environment and Anti-Corruption and expected outcomes.

Our new COP report will be posted on the UN Global Compact Website by 8th August 2022 at the latest.

Sincerely,
