Read What They HAD TO SAY!

Hi, I wanted to write a testimonial for Nazish. I saw Nazishin March for Hypnotherapy - Quit Smoking. I would like to remain confidential, however for any clients I am happy for my phone number and email to be shared, I would happily discuss my experience. Nazish was amazing - she instantly made me feel comfortable and at peace. Her methods were effective and I can say now after 10 weeks I have not smoked.

Nazish is calm, open and not judgmental.
If you do one thing - do this!

Thank you Nazish,

L. M.

"I had severe pain under my left ribcage and I was treated by Nazish Khan through Hypnotherapy and felt better in just one session. Later the treatment was followed by psychotherapy and Access Talk to the Entities. I am very changed person now."

I wanted to send a message to Namraata to say thank you for what was only an hour with you but helped a great deal to recollect my head space. I'm in a much better position mentally, work is no longer feeling so tiring or exhaustive. I'd like to come and see you after my first

I had three hypnotherapy sessions with Irina to tackle an extreme fear of flying.

After lesson one, I felt an instant improvement and was able to manage my anxiety using the advised techniques. One year on, I am pretty much anxiety free and enjoying flying once again and feels amazing.

Thanks Irina.

Love,

D. Russell

I have come across the energy healing sphere couple of years ago, and have tried with different healers and mediums, but can say with confidence that the leap that Bianca had in my life was unmatched, and I am so lucky to have come across her. Her deep insights into the works of the soul, her thorough understanding on what holistic well-being means, her genuine interest to make you feel uplifted and empowered, and her extreme patience and dedication to give every session her all have transformed many aspects of my life and taken me on a steep self-healing journey. Thank you again for the opportunity to be guided by amazing Bianca.

I met Michelle for guidance reading. I had no expectations and I was amazed, deeply touched by the positive impact she

"Extraordinarily Gifted Intuitive" is how I can best define Lee. Hand on heart, I would not hesitate to recommend Lee as one of the most ethical and genuine intuitive out there. He tends to surprise you with how accurate he can be. He is also an excellent mentor, teacher, and guide. Attending his sessions and classes have brought a new perspective into my life and I'm just amazed at what I can do in the limited time that I have spent learning from Lee. His energy is enthralling and literally lifts spirits. Highly recommended - when you do visit me, you can energetically thank me later!

My sessions with Jorge were brilliant. He is an exceptional young man who made me feel very at ease and explained very clearly what his treatments do. The sessions themselves were very relaxing and he was spot on when picking up problem areas. His advice after the first session was most helpful and by the end of my three sessions, I am feeling significantly better.

I would like to register here my gratitude towards Deepa Arora. I attended first a Law of Attraction meditation and later workshop with her. I have no better words to describe than AMAZING. Deepa is a lovely soul, full of love, a given person who is there clearly to help everyone who is ready to continue the journey.

had on me in only 20mins. Her kind soul, her straightforwardness, she was able to give me the confidence I need and direction in only 20 mins - it's incredible! Definitely, can't wait to see her again. All her insights were spot on but she gives you more than that. And I highly recommend anyone who seeks clarity to see her.

"A session with Richa is alternate healing at its best. Her gentle touch and pleasant smile cures half the problem before starting the session. Totally recommend!"

We had consultation with Irina and we really enjoyed it. Irina is very professional in her field and she knows the answers to all questions. We liked that she is not that type of the consultant who just does coaching, she gives clear directions, advice straight to the point and it is great because you can apply it within your relationship; we liked Irina a lot and we will come back again.

My experience doing Hypnotherapy with Sarmistha has been life changing. She was instrumental in helping me identify my subconscious triggers and deal with them clearly and maturely. She helped me understand why I was behaving a certain way and equipped me with the right tools to re program all of the negativity to positivity. I couldn't recommend her more, as she has been so knowledgeable and helpful and is truly such a guiding force.
