

GERAKAN PEDULI DISABILITAS & LEPROA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

# COMMUNICATION ON ENGANGEMENT

## GERAKAN PEDULI DISABILITAS DAN LEPRA INDONESIA (GPDLI)

[www.gpdlimovement.org](http://www.gpdlimovement.org) : [www.pedulidisabilitas.org](http://www.pedulidisabilitas.org)

**GREETINGS** dari Gerakan Peduli Disabilitas dan Lepra Indonesia (GPDLI) hadir di Indonesia sejak tahun 2009 yang merupakan kesepakatan yang dibangun dari 3 orang sahabat, dua orang mengalami kusta bersama teman dekat mereka berdua, Hermen, Amir (akhirnya di ganti oleh Ali Saidi) dan Nuah. Pada Tanggal 15 Desember 2009 di Jakarta-Indonesia, sekarang yang tinggal hanya Nuah P. Tarigan.

Mereka dengan mantap bersepakat untuk membangun sebuah organisasi rakyat sipil yang berfokus pada bagaimana caranya menghilangkan stigma dan diskriminasi yang terjadi dalam hidup mereka secara pribadi, keluarga dan komunitasnya. Keberhasilan demi keberhasilan dicapai dengan gemilang, sehingga sampai dengan sekarang beribu ribu orang yang mengalami kusta, sudah kembali pulih dari pengasingan dirinya, kembali pada hidup yang biasa. Disamping itu kami juga berhasil menjembatani mereka yang terpinggirkan yaitu kaum disabilitas termasuk didalamnya orang-orang yang mengalami kusta, sungguh suatu prestasi yang sangat membanggakan.

Kami telah bekerja sama dengan ratusan lembaga dan individual, dari universitas, perusahaan swasta, BUMN, sekolah, lembaga sosial, kementerian kesehatan, kementerian kesehatan, kementerian dalam negeri dan luar negeri Republik Indonesia dan bahkan lembaga internasional seperti PBB, UN GLOBAL COMPACT, DPI, IDA, ADF, Japan, Korea, Australia, Amerika Serikat beserta lembaga lembaga agama dan lain sebagainya. Namun tantangan masih sangat besar, apalagi dengan semakin menurunnya bantuan negara dan asing untuk organisasi sosial terlebih khusus yang berkecimpung dalam bidang kusta, atau hansen ini. Ruang lingkup kami berfokus pada pemberdayaan masyarakat khususnya disabilitas dan kusta, mereka adalah kelompok yang sangat dikucilkan didalam masyarakat kota bahkan di desa, diperlukan suatu konsistensi dan berkelanjutan, sehingga sesuai dengan semangat *SDG (Sustainable Development Goals)* yang baru dicanangkan beberapa waktu dekat yang lalu. Area penjelajahan kami dalam membangun masyarakat adalah DKI Jakarta, Jawa Barat, Banten, Jawa Timur dan Tengah serta Yogyakarta, Bali dan Sumatera Utara.

Resonansi pengaruh kami meluas sampai ke seluruh Indonesia dan bahkan dunia. Ribuan

GERAKAN PEDULI DISABILITAS & LEPROA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

sukarelawan kami sudah bergerak dengan sangat konsisten dan tanpa henti, kedepan kami akan membuat semacam tempat pelatihan sederhana serta dekat dengan komunitas yang terpinggirkan, agar mudah di jangkau, sekitar Tangerang, Banten dan berbagai tempat di Indonesia. Kami akan terus melatih mereka agar dapat bekerja dengan baik di perusahaan-perusahaan yang besar dan memperhatikan disabilitas dan kusta dengan baik. Sesuai dengan amanat CRPD (*convention of the rights for people with disability*) and SD serta UU No 8 Penyandang Disabilitas tahun 2016 yang baru saja disahkan pemerintah dan DPR RI.

**KETUA UMUM GPDLI 15 MEI 2022 (start from 15 MEI 2019)**

**DR. IR. NUAH P. TARIGAN., MA**

Formasi lengkap dari team GPDLI awal, dari sebelah kiri Alm Hermen M Hutabarat, simpatisan GPDLI, lalu Alm Ali Saidi dan Nuah P Tarigan, yang paling kanan (sumber: Pribadi)

GERAKAN PEDULI DISABILITAS & LEPROSA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

GERAKAN PEDULI DISABILITAS & LEPROA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

#### Principles covered

**Principle 1 - Businesses should support and respect the protection of internationally proclaimed human rights**

**GPDLI develop EQUAL RIGHT**

#### **ELIMINATION OF DISCRIMINATION AGAINST LEPROSY AFFECTED PERSONS AND THEIR FAMILY MEMBERS**

**GPDLI: Yes we know very clearly the Principles and Guidelines on this well, therefore in the vision of our mission very clearly include this as one part GPDLI, can be seen in [http://www.pedulidisabilitas.org/?page\\_id=2](http://www.pedulidisabilitas.org/?page_id=2)**

**GPDLI: We see this not maximized properly implemented and inclusive, we had sent a letter to Mr. President Mr Yudhoyono (Former) and Mr Jokowi, always give the letter back to the Minister of Health, and the response Menkes us nothing**

GERAKAN PEDULI DISABILITAS & LEPROA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

at all, the reply only from the Office Minister of State Secretariat, at this time we are making a personal communication with the Office of the President, so that at least no serious response, especially with other government agencies, all of them do not yet have a clear and in-depth knowledge about kusta.KIE (EIC) only used as mere political tool, we've done working consistently and persistently working on this in cooperation with universities, social institutions etc. Successful, but not satisfactory, as the governor of the city then and now, of Fauzi Bowo, Jokowi and Ahok. Governor also some other areas in Indonesia.

**GPDLI:** We have not seen at all, the role of the Ministry of Health is actually big, but we never even invited to enter as part of stakeholders that they could use, we see still the focus of uneven on the issue of leprosy, focus on those related to the HUMAN RIGHTS issue, everything the mere thought of health problems and issues only the mere and not CAUSES RESULTING LEPROSY LEPROSY and so on. They should also invite such GPDLI, FARHAN and others. We are ready to collaborate.

**GPDLI and later FARHAN (INDONESIA HANSEN REINTEGRATION FEDERATION)** and others worked very systematic, but the government has not been serious in this case, disability alone is not seriously let alone the issue of leprosy, not much we can expect from their initiative, but we do not despair For continue advocating , a very high profile, with an emphasis on issues of particular issues, such as small sample - Hospital Sitanala INDONESIA in TANGERANG CITY which is often discriminate against patients and leprosy.

**GPDLI** leprosy we've ever done and until now, the responses are quite varied and still not lifting too large, we do since 2006-2007, when we then Mr. Nuah Tarin participate pioneered and became a facilitator and even founder YTLL, and also PerMaTa. HANSEN now we use the word, many are confused, but we will follow the example of some institutions in INDIA and BRAZIL. Which was very successful.

**GPDLI:** in Jakarta and some areas in Java, Sulawesi, etc. have started ok, but many in the region who LOW endemic them increasingly in STIGMA and DISCRIMINATION, we ndak agree with falling endemic region, the stigma and discrimination also fell, strongly disagree, they are even excluded. So FARHAN we form together institutions Human Rights Commission and others.

**ENGLISH - GPDLI:** GPDLI see that there has been no clear action from previous

GERAKAN PEDULI DISABILITAS & LEPRA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

**institutions which he said will contribute nationally and the health ministry which he so benchmark in the issue of leprosy in Indonesia, PerMaTa just running in place and only focus on their respective areas are very limited , And does not open himself to collaborate with anyone, FARHAN hopefully there will be a pioneer. GPDLI expectations. During this GPDLI ALLIANCE DISABILITIES collaborate with national and participate in disability advocacy context, as we enter the agenda of leprosy in it and even participate in the process PROLEGNAS (LEGISLATION PROGRAM of INDONESIA PARLIAMENT) DISABILITIES bill from the beginning. So that the input CRPD as above also have entered the issue of leprosy. Grateful about it, and even come to the fore now. Can be read: <http://www.dpr.go.id/prolegnas/index/id/26>**

## **MEMPERSIAPKAN PEMIMPIN MUDA MASA KINI YANG VISIONER DAN EFEKTIF BAGI MASYARAKAT PERKOTAAN DI INDONESIA**

- Post authorBy [admin](#)
- Post date[July 7, 2021](#)

Begitu peliknya masalah kepemimpinan ini di Indonesia, bahkan kita disebut bangsa yang cenderung mengalami kegagalan, yang mengindikasikan bahwa itu karena peran pemimpin yang hanya menjadi pimpinan saja, dan bukan menjadi teladan yang positif bagi anak bangsa, apalagi terhadap generasi baru yang akan menggantikannya kelak. Jika penulis melihatnya secara lebih luas ternyata hal-hal yang bersifat fisik bukanlah masalah yang utama dan akar dari semua masalah, sehingga penulis masuk dari sisi akar dari segala akar permasalahan itu sendiri, yaitu manusianya, dalam konteks ini adalah para pemimpinnya, terlebih khusus di dalam konteks DKI Jakarta adalah para Gubernurnya. Masalah esensial yang dapat di bagikan di sini adalah sebagai berikut; 1) Bagaimana memahami karakter pemimpin bangsa yang efektif secara luas; 2) Bagaimana memahami karakter pemimpin bangsa yang efektif dalam rangka mempersiapkan pemimpin muda masa kini yang visioner dan efektif bagi masyarakat perkotaan; 3) Bagaimana pasang surut pembangunan karakter pemimpin bangsa; 4) Bagaimana situasi pada masa transisi menuju karakter pemimpin bangsa yang efektif; 5) Apakah berbagai tipologi tentang karakter pemimpin bangsa baik secara umum dan perjanjian lama; 6) bagaimana karakter pemimpin bangsa yang efektif dalam rangka mempersiapkan pemimpin muda masa kini yang visioner dan efektif bagi masyarakat perkotaan; 4) Apa saja karakter pemimpin bangsa di Indonesia dan permasalahannya; 5) Apa saja persepsi masyarakat kristen mengenai karakter pemimpin bangsa di Indonesia; 6) Bagaimana caranya membangun partisipasi umat kristen dalam mewujudkan karakter pemimpin bangsa dalam

GERAKAN PEDULI DISABILITAS & LEPROA INDONESIA

GERAKAN PEDULI DISABILITAS & LEPRA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

**ENGLISH:** GPDLI: We must have had experience in the field for this, even from a very narrow environment such as Kampung Leprosy Sitanala, in Tangerang and Jakarta etc., in addition to that in North Sumatra, Surabaya, etc. Advocating to the Ministry, and even put in a series of interviews both in the mass media such as newspapers national newspapers and TVnya like Kompas Gramedia / Tribune, Metro, etc. even until we cooperate with several CSR programs campus, the company in establishing communication, education and knowledge of leprosy in Greater Jakarta, Banten, West Java etc. Wearing approach above the line, below the line, and its high profile and low profile, including the Governor, the President and the Minister as well as the general public.

**ENGLISH:** GPDLI: the advocacy approach creatively, avoiding an aggressive approach, but still run Assertive and openly, without reducing or eliminate RIGHTS others to defend well, approaches that are negotiated and education, an idea we've brought since the harassment of the meeting on leprosy since 2007 in Makassar, where Mr. Nuah Tarigan said via telephone at the time that we should not retaliate harshly those who have been labeled and bullying in a hotel in Makassar, even the end of his story into a story a happy ending. Good for leprosy community in South Sulawesi, and even Indonesia in general, imagine that when it met with evil and offensive action as well - will bring everything worse, and finally there is a stamp in the community negatively. Thankful it did not happen.

GERAKAN PEDULI DISABILITAS & LEPRA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

**GPDLI: Two years ago we were celebrating World Leprosy Day together with National Human Rights Commission and the Sasakawa etc. GPDLI already provide such inputs at Hotel Sahid Jaya Jakarta, we were also there, in the event that quite magnificent, but until now PerMaTa mostly directed her to the grass roots, and they do not share it with others, including the CSOs DPO. GPDLI also very surprised at the situation and condition of them, hence the Human Rights Commission finally turned.**

**ENGLISH: GPDLI: According to our realization inclusive of disability is not the way, let alone dealing with the issue of leprosy, the ministry of social considerable attention, and we appreciate it very much, but the Ministry of Health the longer we**

GERAKAN PEDULI DISABILITAS & LEPROA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

see less and less clear directions in the case of leprosy cases that exist, linkages associated with BPJS or health insurance only, very discriminating leprosy itself, even more pronounced stigma and discrimination at the hospital which was once the leprosy hospital when compared with regular public hospitals! It is very sad. Not enough just seems pretty sweet mere words, there must be a clear action and open the information. We have noted this and advocating repeatedly.

**1. In your view, what follow-up mechanisms should be put in place at the national and international levels to effectively implement the Principles and Guidelines?**

GPDLI: Perlu ada KELOMPOK KERJA kecil saja dahulu yang di fasilitas oleh Kemenkes dan Kemensos, dan yang paling bagus juag BAPPENAS, karena ini menyangkut banyak hal, kami akan memberika secara detail jika GPDLI diundang untuk masuk didalam WORKING GROUPS itu jangan hanya dengan pendekatan dokter pasien yang masih saja terus dikembangkan oleh Kemenkes.

ENGLISH: GPDLI: There needs to be WORKING GROUP small advance which at the facility by the Ministry of Health and Ministry of Social Affairs, and the most good juag BAPPENAS, because it involves a lot of things, we will give employees in detail if GPDLI invited to enter inside WORKING GROUPS it not only with the approach of the patient's physician which is still being developed by the Ministry of Health.

GPDLI: Program RAN (NATIONAL ACTION PLAN) as in the Ministry of Social Affairs, is still very minimal and even more destroyed, after the program

GERAKAN PEDULI DISABILITAS & LEPRA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

**Leprosy Control does not exist anymore, even funds also ndak like 10 years ago, meeting coordination meeting ANEK and adek wide has also been increasingly disappear, not know whether because of outside funding no longer exists, or is not clear anymore motivation. We thought that perhaps on Human Rights based this time on leprosy is no longer clear in the agenda of the Ministry of Health, while the Ministry of Social Affairs is still relevant, may approach CBR done today should approach social approach is no longer with the approach of the doctor-patient, it is a statement already No, but of action have not changed.**

**ENGLISH: GPDLI: discrimination cases health care in previous LEPROSY hospital including Sitanala, also some kampongs leprosy in Sumatra are highly discriminated against by the surrounding community, even Mr. Samsul (a people affected by leprosy from Aceh) who incidentally his childeeren's school around the village leprosy, was not accepted in school at that location, they should be attended school quite far from his current place, they were all very depressed feelings, and ask for help. And still many others, even in regions where the level of elimination is ok according to the WHO, but even cases of stigma and discrimination is very strong !!!**

## Principle 2 - Make sure that they are not complicit in human rights abuses

# GLOBAL APPEAL 2021

To End Stigma and Discrimination against Persons Affected by Leprosy  
Endorsed by the International Trade Union Confederation

As the International Trade Union Confederation, our mission is to promote and defend the rights and interests of all working people.  
Although leprosy is completely curable, prejudice and discrimination based on old perceptions linger.

The stigma of leprosy can result in ostracism and job loss.

Even family members of a person affected by leprosy may find doors closed to them, despite being eager and willing to work.

International labor standards uphold the elimination of discrimination in respect of employment and occupation.

ITUC supports the efforts of persons affected by leprosy who want to earn a living.

We believe in equality and non-discrimination.

We uphold the right of every individual seeking work to be treated with dignity, fairness and respect.

Ms. Sharan Burrow  
General Secretary,  
International Trade Union Confederation (ITUC)

Yohei Sasakawa  
WHO Goodwill Ambassador  
for Leprosy Elimination  
Chairman, The Nippon Foundation

Signed on behalf of the ITUC and its 302 national member organizations representing 200 million workers in 163 countries and territories.

The Global Appeal is an annual message to raise awareness of leprosy and to call for an end to the discrimination against persons affected by leprosy.  
First launched in 2006 by Yohei Sasakawa, WHO Goodwill Ambassador for Leprosy Elimination and chairman of The Nippon Foundation, it is issued every January to coincide with World Leprosy Day, and endorsed each year by world leaders and organizations in different fields.

Launched online on January 31, 2021, Global Appeal in its 16th year is endorsed by the International Trade Union Confederation, [gpdi.or.id](http://gpdi.or.id).

Sasakawa Leprosy (Hansen's Disease) Initiative is a strategic alliance that links together the WHO Goodwill Ambassador for Leprosy Elimination, Sasakawa Health Foundation, and The Nippon Foundation for achieving a leprosy-free world.

## Hari Kusta Sedunia

- Post authorBy [admin](#)
- Post date[January 31, 2022](#)

### 30 JANUARI 2022 – MEDIA RELEASE

Hari Kusta Sedunia

30 Januari 2022

Akhiri Diskriminasi Kusta Memalukan dalam Hukum – Pakar HAM PBB

JENEEWA (28 Januari 2022) – Seorang pakar hak asasi manusia PBB hari ini mengecam keberadaan lebih dari 100 undang-undang secara global yang mendiskriminasi orang yang terkena kusta, mengatakan itu memalukan bahwa pemerintah terus membuat undang-undang terhadap mereka yang menderita salah satu penyakit tertua yang diketahui. umat manusia.

“Sudah waktunya bagi semua Negara terkait untuk membuat pilihan: apakah akan mempertahankan undang-undang yang diskriminatif terhadap orang yang terkena kusta dengan melanggar standar hak asasi manusia internasional, atau menghapus diskriminasi tersebut dalam undang-undang tanpa penundaan,” kata Alice Cruz, Staf Khusus PBB Pelapor tentang penghapusan diskriminasi terhadap orang yang pernah mengalami kusta dan anggotanya keluarganya.

Menurut angka terakhir yang diberikan kepada Organisasi Kesehatan Dunia oleh 139 negara, ada 127.558 kasus kusta baru yang terdeteksi secara global pada tahun 2020, menunjukkan penurunan kasus baru sebesar 37 persen, atau bahkan lebih dari 50 persen di beberapa negara, kurang dari tahun-tahun sebelumnya. . Diyakini bahwa angka sebenarnya jauh lebih tinggi karena diagnosa dan pelaporan telah dipengaruhi oleh pandemi COVID. Keterlambatan dalam mendekripsi dan mengobati kasus pada tahap awal menyebabkan gangguan dan disabilitas fisik yang tidak dapat diperbaiki.

Di India, negara dengan jumlah kasus terbanyak, Komnas HAM menyatakan saat ini terdapat 97 ketentuan hukum yang diskriminatif terhadap penderita kusta. Setidaknya sekitar 30 negara masih memiliki undang-undang diskriminatif terkait kusta (daftar lengkap tersedia dalam laporannya kepada Majelis Umum, A/76/148).

Cruz mengatakan bahwa undang-undang yang diskriminatif – baik ditegakkan secara aktif atau tidak – memotivasi, mengizinkan dan menormalkan pelanggaran substantif, terutama terhadap perempuan.

“Keberadaan undang-undang yang mengizinkan perceraian dengan alasan kusta berdampak buruk pada perempuan, menghalangi akses mereka ke perawatan kesehatan dan keadilan,” kata pakar PBB menjelang Hari Kusta Sedunia pada 30 Januari.

“Dengan memformalkan stereotip berbahaya sebagai label yang sah dan menormalkan penghinaan dan kekerasan sebagai praktik resmi, undang-undang tersebut secara signifikan membahayakan mata pencarian, mengecualikan orang yang terkena kusta dari partisipasi politik dan sipil, dan menambah kelalaian Negara terhadap kelompok yang terpinggirkan ini,” katanya.

GERAKAN PEDULI DISABILITAS & LEPROA INDONESIA

- INDONESIA LEPROSY AND DISABILITY CARE MOVEMENT

Akar penyebab kerangka diskriminatif hukum terkait erat dengan pembingkaian kusta yang salah oleh pengobatan modern awal sebagai penyakit yang sangat menular, kata Cruz. Saat ini, penyakit ini dapat disembuhkan dengan terapi multiobat. Lebih dari 16 juta pasien kusta telah dirawat selama 20 tahun terakhir.

“Yang mengejutkan, banyak dari undang-undang diskriminatif yang berlaku lama setelah ditemukannya obat kusta pada 1950-an,” kata pakar PBB itu. ‘Beberapa dari undang-undang ini telah diberlakukan bahkan selama dekade pertama abad ke-21. Terlebih lagi, undang-undang semacam itu menjangkau Global North dan Global South.”

Cruz mendorong Negara-negara untuk mengubah atau menghapus undang-undang, kebijakan, dan kebiasaan yang diskriminatif sebagai prioritas, dan untuk mengadopsi undang-undang anti-diskriminasi yang komprehensif.

SELESAI

Ms Alice Cruz is the UN Special Rapporteur on the elimination of discrimination against persons affected by leprosy and their family members. She was appointed in November 2017 by the Human Rights Council. Ms. Cruz worked as External Professor at the Law School of University Andina Simón Bolívar – Ecuador and in several Portuguese universities as researcher on health and human rights, in particular leprosy. She participated in the elaboration of WHO Guidelines for Strengthening Participation of Persons Affected by Leprosy in Leprosy Services. She has researched and written on the subject of eliminating leprosy and the stigma attached to it and has interacted with various stakeholders, including persons affected by leprosy.

The Special Rapporteurs are part of what is known as the Special Procedures of the Human Rights Council. Special Procedures, the largest body of independent experts in the UN Human Rights system, is the general name of the Council's independent fact-finding and monitoring mechanisms that address either specific country situations or thematic issues in all parts of the world. Special Procedures experts work on a voluntary basis; they are not UN staff and do not receive a salary for their work. They are independent from any government or organization and serve in their individual capacity.

For inquiries and media requests, please contact: Ms. Younkyo Ahn (+ 41 22 917 9537 / [younkyo.ahn@un.org](mailto:younkyo.ahn@un.org))

For media inquiries related to other UN independent experts please contact Jeremy Laurence ([jeremy.laurence@un.org](mailto:jeremy.laurence@un.org))
