

COMMUNICATION ON ENGAGEMENT (COE)

for

NOBLE MISSIONS FOR CHANGE INITIATIVE

Period covered by this Communication on Engagement

From: January 2020

To: May 2022

Part I. Statement of Continued Support by the Chief Executive or Equivalent

May 13, 2022

To our stakeholders:

I am pleased to confirm that Noble Missions for Change Initiative reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment and Anti-Corruption. This is our Communication on Engagement with the United Nations Global Compact. We welcome feedback on its contents.

In this Communication of Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication.

Sincerely yours,

Charles Omofomwan
Executive Director

Part II. Description of Actions

In the period under review, we participated in the Uniting Business Virtual summit that took place from 20 - 22 September 2021. The summit gave us opportunity to hear from different speakers on issues around the Covid-19 pandemic and recovery plan, private sector support for humanitarian relief, the future of sustainable food systems and more importantly the launch of UNGC Africa strategy.

As an organizational member, we have ensured we operate in a manner that meets fundamental responsibilities in the areas of human rights, labour, environment and anti-corruption. We have also used our platform to canvass the UN Global Compact principles under the aforementioned areas as well.

Part III. Measurement of Outcomes

Based on the above activities, our knowledge about the UN Global Compact has continued to increase and we are well positioned than before to continue engaging with the UNGC Local Network, to collaborate with other network members, engage companies in Global Compact-related issues, join and/or support special initiatives and work streams, and participate more in local and global UNGC events.
