Paris, 17th May 2022,

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our willing to have a complete year of CSR actions to share in our first COP report. Moreover the publication date of our COP report coincides with our drafting of the CSR report.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 24th of August at the latest.

Sincerely yours,

Joffrey Hacquin
Office & sustainability manager
