To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to pandemic restrictions, and not being able to complete our new sustainability projects which we have started by announcing our future commitments and continuing with the participation of all our internal and external joint owners.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 31.08.2022 at the latest.

Sincerely yours,

Mr. Mert Karabrahimoğlu
