H.E António Guterres  
Secretary-General  
United Nations  
685 Third Avenue, FL 12  
New York, NY 10017

Dear Mr Secretary-General

### **CEO Commitment to the UN Global Compact**

I am pleased to confirm that Petrofac supports the ten principles of the Global Compact with respect to human rights, labour, environment, and anti-corruption. In this annual Communication on Progress, we express our intent to advance those principles within our sphere of influence and report publicly on our progress.

In 2021 we set out to embed our newly launched sustainability strategy, introducing the environment, social and governance (ESG) goals to our workforce and stakeholders, and how our purpose helps us achieve our sustainability ambitions. The strategy is integral to the way we work and builds on our long-standing commitment to corporate responsibility.

As part of our broader commitment to sustainable development we have also aligned our strategic goals to the seven UN Sustainable Development Goals that we believe are most relevant to Petrofac's business.

A description of the relevant policies, public commitments and company goals, and the actions we have taken to implement these are included in the attached Environmental, Social and Governance Strategic Report of our 2022 Annual Report and Accounts.

We will continue to work in partnership with the local Global Compact teams and other stakeholders where we operate, to progress strategies that improve health and wellbeing, reduce inequality, tackle climate change, and preserve biodiversity – while championing a low-carbon economy and enabling economic growth.

Yours sincerely

*Sami Iskander*  
Group Chief Executive
