To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are glad to inform that all the aforementioned fronts present significant progress. However, in the spirit of maintaining the upmost quality on our COP report, we would like to request an extension of the deadline. Our new COP report will be posted on the UN Global Compact website by July 29th at the latest.

This is our first year being affiliated to the UN Global Compact and, as the same manner we have embarked on our past initiatives, we will fulfill our commitments to the same degree, always seeking to exceed the expectations of our stakeholders.

Sincerely yours,

Melissa García Fernández
